## 3. Short description

This stylish tripod is specially made to wear any size of Cacoon. These sturdy, powder-coated steel tripods can withstand virtually anything they can come into contact with. It occupies a space of 2.70 m on the ground and 2.60 high. To increase stability, you can anchor it in the ground as standard. Suitable for all Cacoons and for indoors and outdoors.

## 4. Contents

all packaging materials. Make sure you have seen all the parts.

## 5. Safety

This product is intended for a maximum weight of 220 kg. Do not exceed!

This product should only be used on a firm, flat surface. Make sure that the frame remains in contact with the surface. Keep small parts out of the reach of children. Do not use the product if parts are missing, damaged or worn.

## 6. Maintenance

To clean, wipe with a sponge and warm soapy water and wipe with a dry, clean cloth. Do not use detergent-based solvents as they may bleach or damage the product.

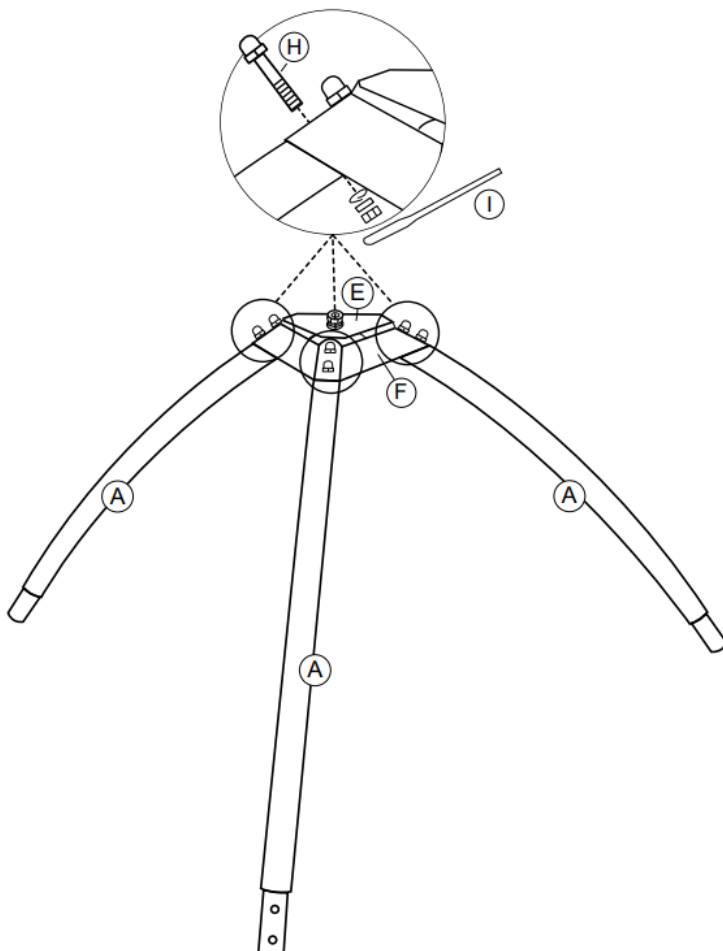

Never use a pressure hose to clean the product.

Never use scouring pads, abrasives or chemical cleaners.

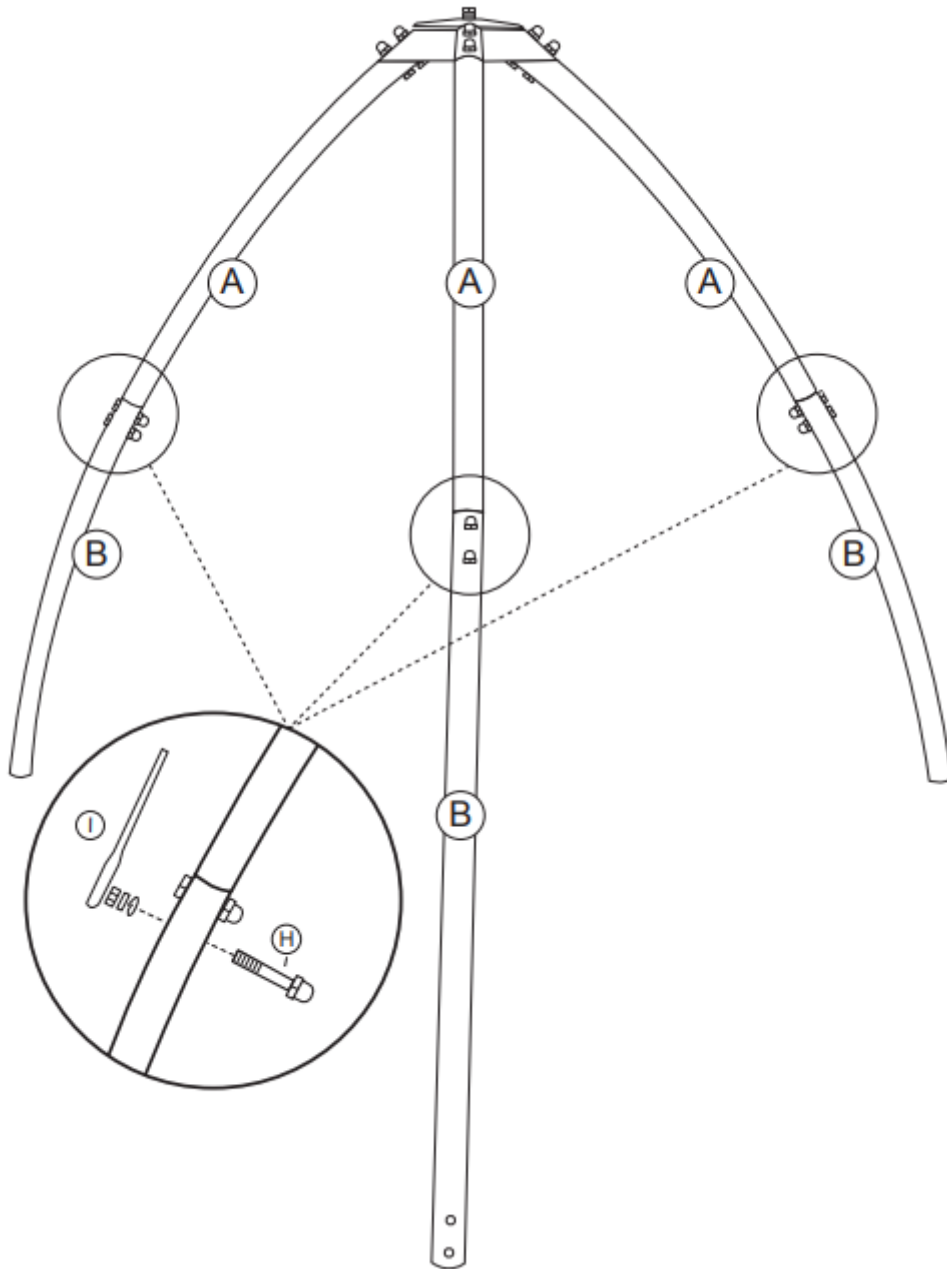

We recommend furniture covers to protect the product when not in use. During bad weather and winter months, the product should be stored in a cool, dry place. The frame is powder-coated stainless steel. Avoid bringing the substance into contact with sharp objects.

## 7. Commissioning

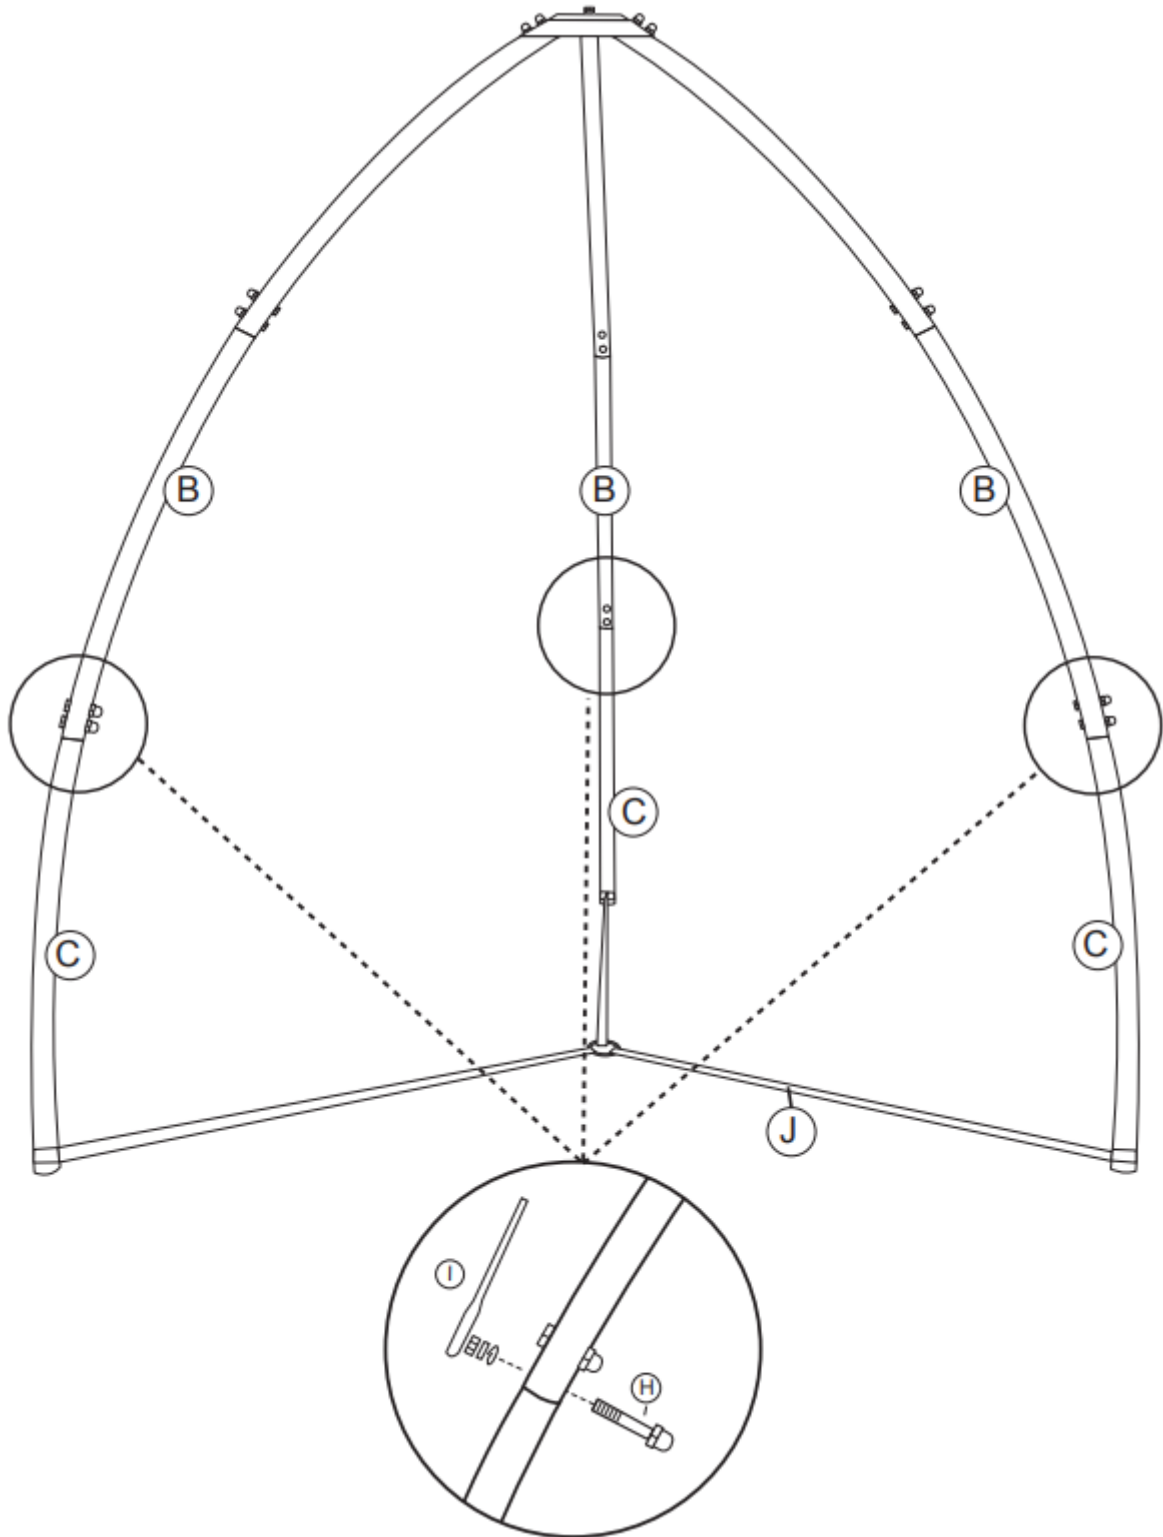

### 1. Tightening screws

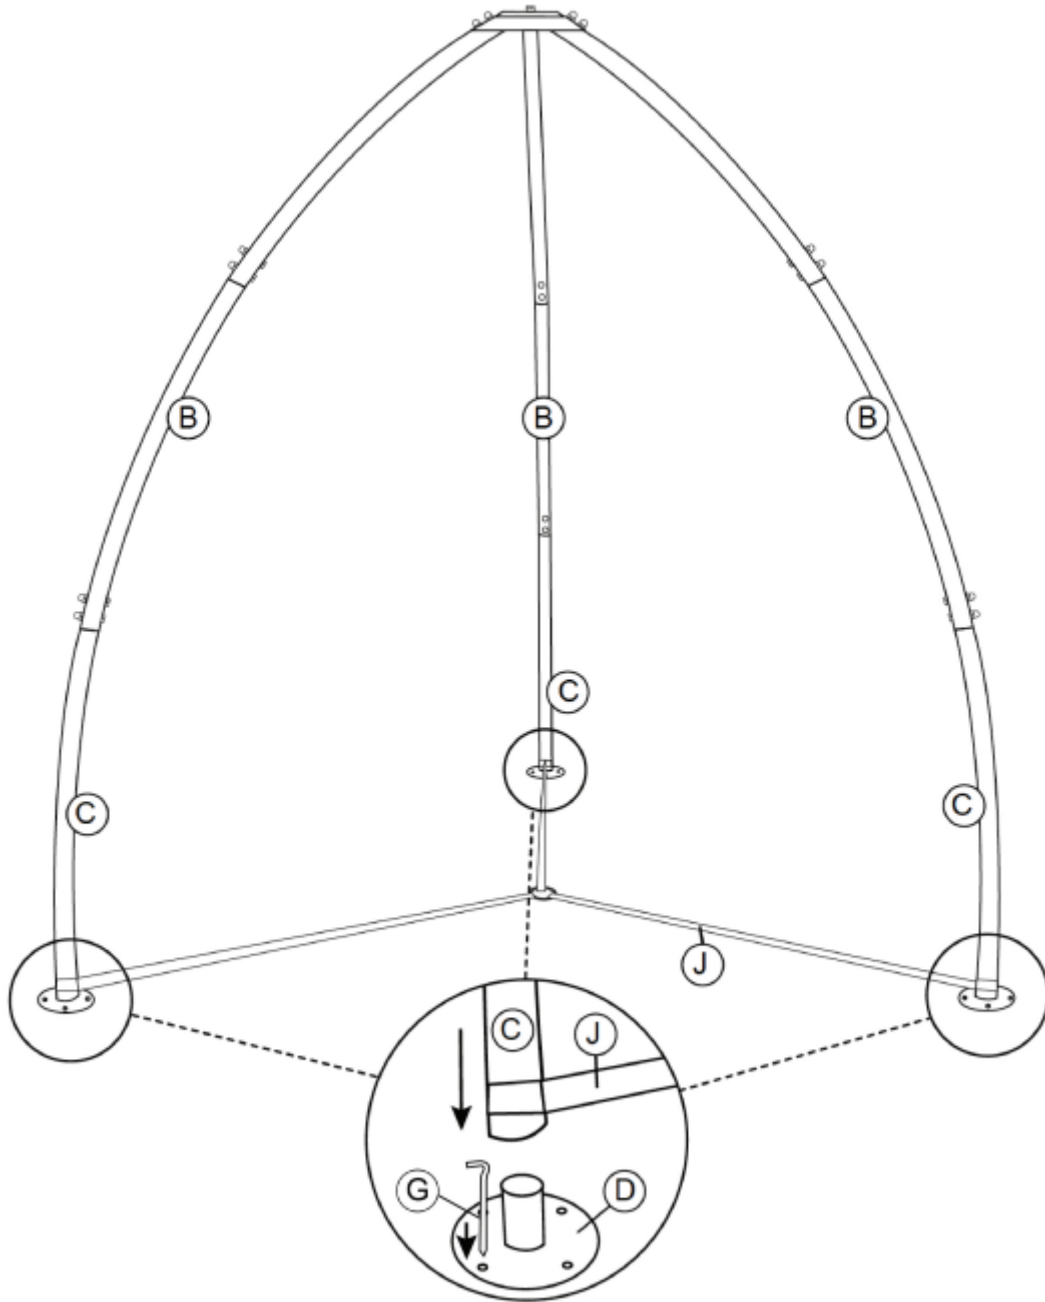

2. Do not tighten the bolts until they are fully assembled.

3. Tighten all screws once the straps are fully stretched and set to your preference.
