4. Short description

Tasks that are made within the framework of a plastic box. The tasks have a clear beginning and a closed end. The material is uniform, durable, safe and hygienic. The one-task-boxes are specifically designed for children / young adults with autism and are aimed at development and learning. Adults and older people with a lower mental level can perform the tasks to maintain skills or as a relaxing activity.

5. Contents

This task contains 5 plastic eggs, or rather 10 egg halves.

6. Safety

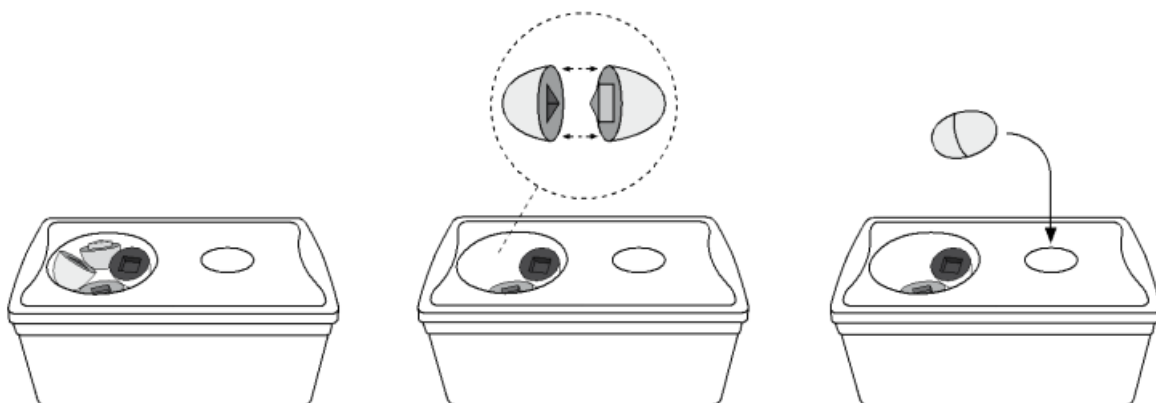

This product should be made under guided/adult supervision at all times. Because of the small parts, it is not suitable for children under 3 years of age.

7. Product materials

Plastic box (33x19x12.5, lxwxh), provided with a plastic container. Plastic eggs.

8. Assembly

No assembly needed. The game materials are not suited for disassembly.

9. Usage

The objective is to match the fitting shapes and colors by making a whole egg from two halves. Every half only fits on one other half. When the egg has been completed, it can be checked in. Identifying shapes and colors is taught by regularly completing this task.

Game end

The game ends when all parts have been matched and checked in.
