

## 1. Name of the product

Eendoostaak Cube match

## 2. Product code

21827846

## 3. Colour

As illustrated

## 4. Short description

Tasks that are made within the framework of a plastic box. The tasks have a clear beginning and a closed end. The material is uniform, durable, safe and hygienic. The one-task-boxes are specifically designed for children / young adults with autism and are aimed at development and learning. Adults and older people with a lower mental level can perform the tasks to maintain skills or as a relaxing activity.

## 5. Contents

This task contains 9 cubes with colored Velcro plastic circles.

## 6. Safety

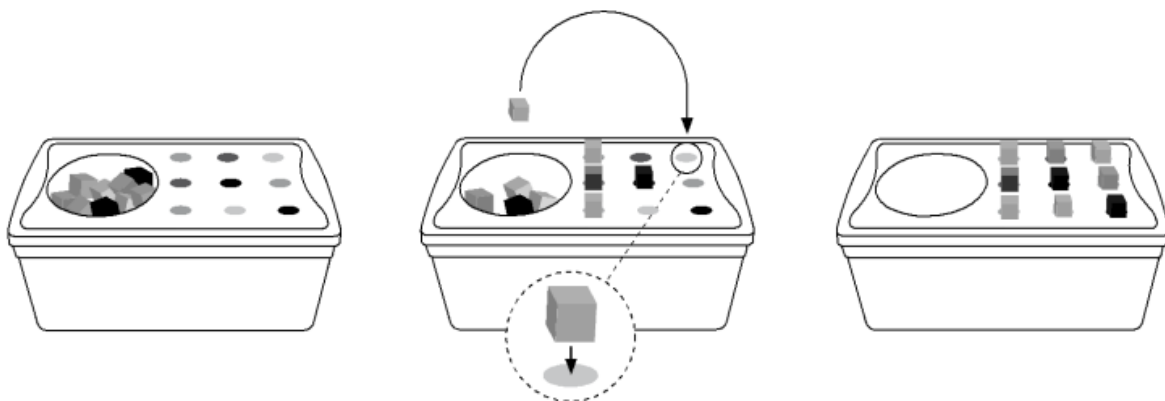

This product should be made under guided/adult supervision at all times. Because of the small parts, it is not suitable for children under 3 years of age.

## 7. Product materials

Plastic box (33x19x12.5 lxxh), provided with a plastic container. Wooden cubes with colored Velcro. Plastic box provided with 9 pieces of colored Velcro circles.

## 8. Assembly

No assembly needed. These game materials are not suited for disassembly.

## 9. Usage

Place the cubes in the plastic tray insert. The cubes should be matched by color. The degree of difficulty is that every cube has several colors. The supervisor can see/check whether the performer of the task has matched the cubes correctly.

Game end

The game ends when all parts have been matched.
