

1. Name of the product

Eendoostaak Bolt and nut

2. Product code

21828846

3. Colour

As illustrated

4. Short description

Tasks that are made within the framework of a plastic box. The tasks have a clear beginning and a closed end. The material is uniform, durable, safe and hygienic. The one-task-boxes are specifically designed for children / young adults with autism and are aimed at development and learning. Adults and older people with a lower mental level can perform the tasks to maintain skills or as a relaxing activity.

5. Contents

This task contains 1 bolt and 9 nuts.

6. Safety

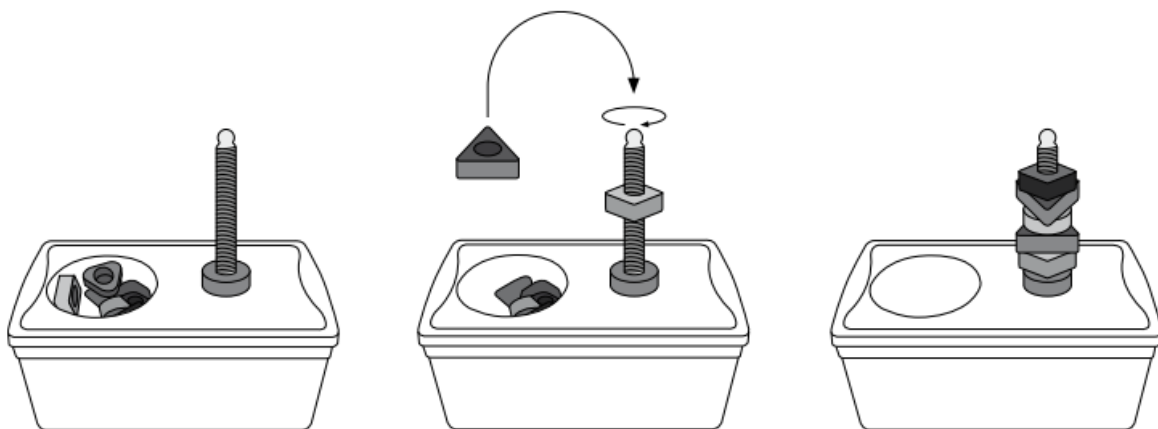

This product should be made under guided/adult supervision at all times. Because of the small parts, it is not suitable for children under 3 years of age.

7. Product materials

Plastic box (33x19x12.5 lwxh) provided with a plastic container, and plastic bolts and nuts.

8. Assembly

Fasten a round nut on the bolt. Stick the bolt through the lid in the designated hole. Fasten another round nut on the bolt from below, until it sticks. The game material is not suited for disassembly.

9. Usage

In this task, the nuts should be fastened on the bolt until there are no more nuts. This task promotes motor skills.

Game end

The game ends when there are no more nuts.
