

1. Name of the product

Eendoostaak Tweezers task

2. Product code

21861486

3. Colour

As illustrated

4. Short description

Tasks that are made within the framework of a plastic box. The tasks have a clear beginning and a closed end. The material is uniform, durable, safe and hygienic. The one-task-boxes are specifically designed for children / young adults with autism and are aimed at development and learning. Adults and older people with a lower mental level can perform the tasks to maintain skills or as a relaxing activity.

5. Contents

This task contains a total of 12 pompons, 4 of 3 different distinguishing colors and a pair of tweezers.

6. Safety

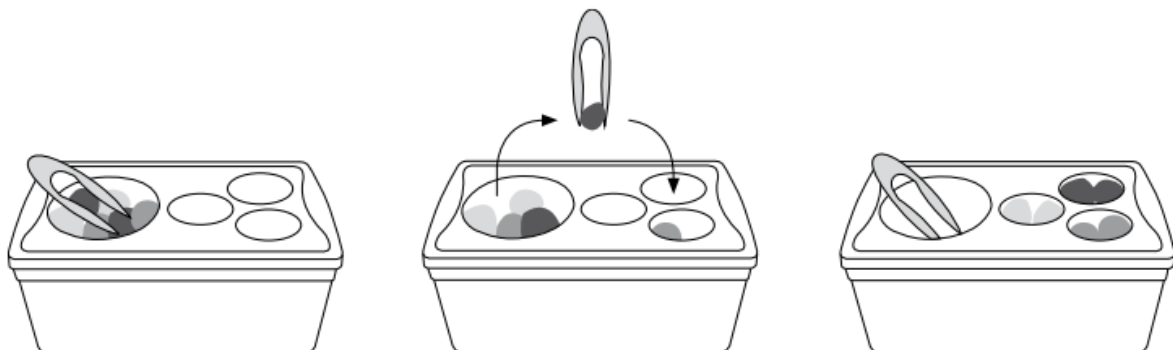

This product should be made under guided/adult supervision at all times. Because of the small parts, it is not suitable for children under 3 years of age.

7. Product materials

Plastic box (33x19x12.5 lwxh) provided with plastic containers, plastic tweezers and fabric pompons.

8. Assembly

No assembly needed. The game materials are not suited for disassembly.

9. Usage

In this task, the task performer needs to sort the pompons by 3 colors with the tweezers. In every container, there is a pompon of every color as example when the performer begins the task. The task performer will have to maintain constant pressure on the tweezers in order not to drop the pompon. The pompons can later be replaced by smaller objects in order to increase the degree of difficulty. You can also have the task performer sort the pompons by color first without the tweezers and add these later.

Game end

The game ends when all parts have been matched. The tweezers can be placed in the large insert container.
