

1. Name of the product

Eendoostaak Water task

2. Product code

21864846

3. Colour

As illustrated

4. Short description

Tasks that are made within the framework of a plastic box. The tasks have a clear beginning and a closed end. The material is uniform, durable, safe and hygienic. The one-task-boxes are specifically designed for children / young adults with autism and are aimed at development and learning. Adults and older people with a lower mental level can perform the tasks to maintain skills or as a relaxing activity.

5. Contents

This task contains 10 coins, 5 of 2 different colors.

6. Safety

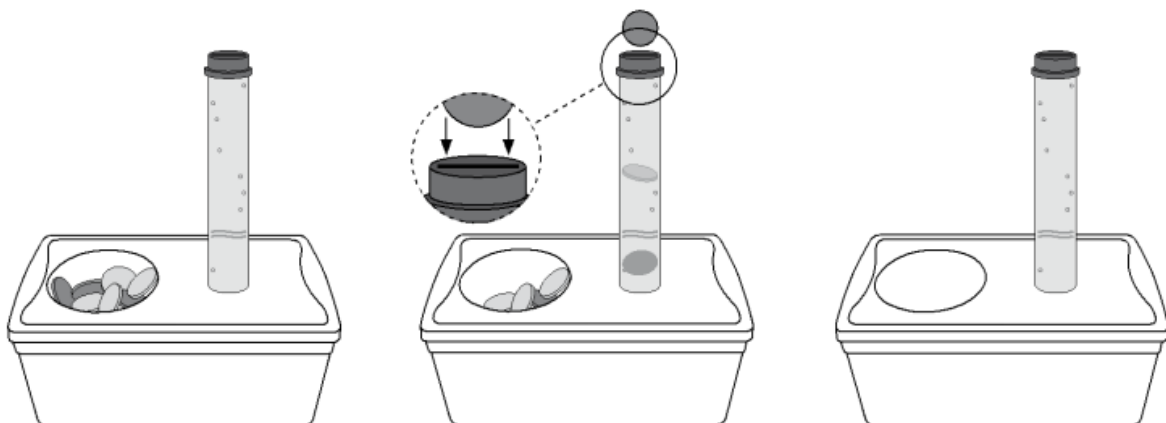

This product should be made under guided/adult supervision at all times. Because of the small parts, it is not suitable for children under 3 years of age.

7. Product materials

Plastic box (33x19x12.5 lxxh) provided with a plastic container, plastic tube, and plastic coins.

8. Assembly

The plug with the groove should be removed. Take the lid of the task. With force, the tube should be shoved into the hole from the bottom for stability. Fill the tube with water and assemble the plug again. The game materials are not suited for disassembly.

9. Usage

This task is especially suitable as a rewarder. After a number of intensive tasks, this task can be made as a relaxing final task. By placing this task in sight, it can be an incentive to finish other tasks. In this task, you drop the coins into the bottle through the groove, after which they slowly drift down.

Game end

The game ends when all the coins have been used.
