

1. Product name

Round glowing sensory stepping stones

2. Product code

25382477

3. Colour

As shown.

4. Short description

These round sensory LED stepping stones immediately capture attention with their colourful light effects. Each time they are stepped on, the stones light up in multiple colours, creating a playful and interactive experience.

5. How to use

Shake the product: with each movement, the light will display a different colour – red, green, blue, yellow, orange, cyan, and purple. These seven colours alternate in a single cycle. If the product is not moved for two minutes, it will automatically switch to standby mode. When shaken again, the light will turn back on and display the colour that was visible before entering standby mode.
