

### 1. Productname

Nenko Interactive - Wallspot LED

### 2. Product code

42300952

### 3. Short description

This wall spot LED can be used interactively with the Nenko Interactive switches and with the new Nenko Interactive Sense System, to control colours. Gives a coloured light beam through the ultra-strong, low maintenance LEDs. No programming required.

### 4. How to use

Connect the supplied power cable to the connection at the back of the wall spot (1).

The product can be used with compatible wireless controllers, such as the cube or an interactive switch panel.

#### Setting for use with controller

Press the "MENU" button below the display until "4CH" appears (2).

Then press "ENTER" to confirm.

## 5. Maintenance

Use only a soft, slightly damp cloth for cleaning.  
Do NOT use harsh or abrasive cleaning agents.
