

## 1. Name of the product

Projector - Cody the crab

## 2. Product code

53035820

## 3. Colour

As illustrated

## 4. Short description

Cute Cody takes your little one to a beautiful underwater world with his beautiful projection and soothing sounds! Turn your little one's room into a magical underwater world, with moving waves and fish swimming around the room, while listening to relaxing ocean sounds.

## 5. How to use?

Take the module out of the plush and place 3x AA batteries (not included). Put the module back into the plush. Open the Velcro, on the bottom, to operate the buttons. Only use alkaline batteries, no zinc carbon.

**A** Switch on the product by pressing the big **BUTTON A**

**B** Choose your favourite melodie with **SLIDER B**.

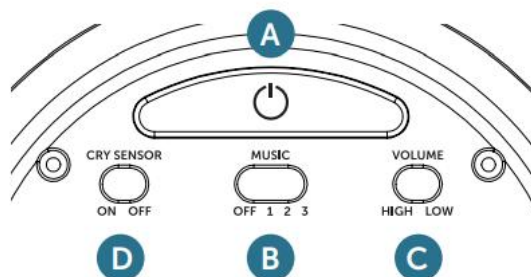

- OFF: No music
- 1 Ocean sound
  - 2 Lullabies
  - 3 Heartbeat

**C** Set the preferred volume: high-low, **SLIDER C**

**D** Switch the cry sensor ON/OFF, **SLIDER D** when the cry sensor is activated, the sleep program will restart from phase 2, to calm down and settle your baby.

**Note** Cry sensor stays active for 12 hours.

Auto-off: the entire 3 step sleep program will automatically switch OFF after 30 minutes.

### 3 STEP-SLEEP PROGRAM

Otto/Cody will calm and sooth your baby to sleep with the unique 3 step sleep program. The total program takes 30 minutes and will automatically switch off.

#### STEP 1 Calming your child

Follow the waves and the orange fish swimming around the room, while listening to soothing ocean sounds.

#### STEP 2 Getting sleepy

Lower brightness, moving waves and only a few fish swimming around the room. Music changes to underwater bubbles.

#### STEP 3 Falling asleep

Calm waves and sleeping fish. No sound.

For the best projection, locate the product within 1 to 2.5 meters from the walls and ceiling. When batteries lose their power, the projection decreases, and the product might lose some of the features.
