

## 1. Product name

Swing seat with abduction  
Small, medium, and large

## 2. Product code

72010065 → Small  
72011065 → Medium  
72012065 → Large

## 3. Brief description

High Backed Swing Seats provide a supported ride. Seat incorporates a pommel & safety harness. Rope hardware allows seat to be adjusted to height and rake.

## 4. Dimensions and weight capacity

When selecting the right size, we recommend taking two measurements of the user:  
The widest part of the body (hips or shoulders, from left to right).  
Seating height (from the chair to the top of the head, neck, or shoulders).

Size	Seat height	Seat width	Seat depth	Age category	Max. Weight	Article number
Child	56 cm	33 cm	30 cm	2-7 Year	45 kg	72010065
Teenager	69 cm	43 cm	34 cm	7 Year – Slim Adult	80 kg	72011065
Adult	81 cm	51 cm	36 cm	Adults	125 kg	72012065

**Attention:** Always use under supervision.

Used by parents and professionals in healthcare and therapy, it provides the **Full Support Swing Seat** a safe and comfortable experience for everyone.
