

1. Name of the product

Sensory Mood Cube

2. Product code

75544111

3. Short description

"These ultra-strong illuminated cubes make an excellent seat or can be used in a sensory den to provide background lighting.

Using the remote control you can choose one of 16 different colours.

Size: 40 x 40 x 40 cm.

Suitable for indoor or outdoor use (IP65 rated)

Long life LEDs

Operating time 5-10 hours (depending on program setting)

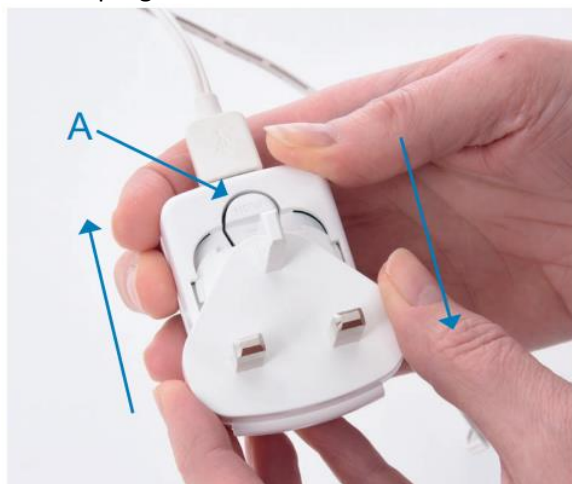

4. Sensory stimulations

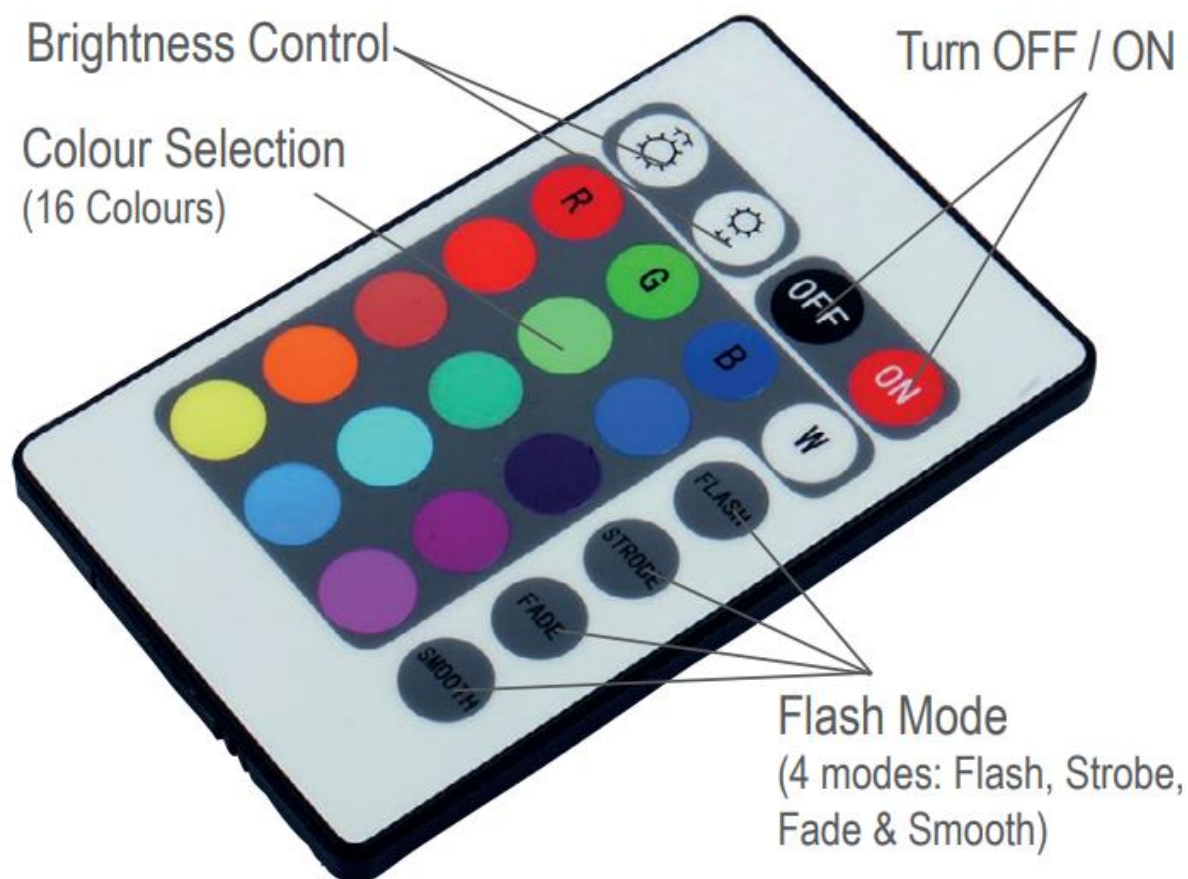

See

5. Use

Charging with AC Adaptor

- Select the correct adaptor (UK/EU/US/AU), slide into position until you hear a "click";
- To remove press button (A) and slide out;
- Open rubber cover on charging socket at the base. When charging for the first time the light will turn on. Press the white button on the base to turn light OFF;
- Charge for 8 hours;
- Power adapter & remote are not waterproof, keep away from water;
- Extend battery life by charging when power is low, rather than allowing light to become completely exhausted. Usage time will reduce when running Flash/Strobe/Fade/Smooth program.

5. Technical information

- Adapter Input AC 110V-240V 50/60HZ
- Charging input: DC 5V
- Battery Replacement for remote: CR2025 Lithium Button Cell

6. Safety

In fast flashing or strobe mode the light source may potentially trigger seizures with children that have a history of photosensitive epilepsy.

Suitable for use with children under adult supervision. This is not a toy.

Remote control should only be used by a responsible adult or under adult supervision. Please retain this information for future reference.
