## 6. Additional information

Do not exceed the maximum load capacity of the product, as this will lead to damage. Do not use a damaged product and dispose of it properly. Attach the product only to stable material suitable for carrying the product. The attachment or the stand on which your product is hung must be expertly installed and regularly checked for wear and possibly replaced.

When choosing the location, keep walkways clear, choose or create a soft surface and keep your distance from potential obstacles next to and below the product to avoid collisions and injuries. Do not stay or play under or in the swing range of the product. Do not place or place the product on a rough or sharp surface.

Do not place heavy or sharp objects in the product. Do not use near heat sources or flames. Do not smoke in or next to the product. Do not use jewelry, shoes, Velcro-clad clothing or similar items. Protecting the product as well as possible from extreme environmental influences (rain, sun, friction, etc.), these can have a negative effect on the life of the product. Always lay cotton products indoors at night and protect against moisture to avoid moisture spots. Keep pets away from the product.

Only use the product if you have read and understood these operating instructions. Installation must be carried out by adults in accordance with these operating instructions. The distance to the ground in the middle of the product is a maximum of approx. 60cm/24". Your product stretches approximately 5-10% when used, the suspension needs to be adjusted accordingly. The hanging ropes should run as straight as possible - do not twist or knot!

Only use the product as described in these operating instructions. Check for wear or damage before each use and test stability. Strong color changes can be an indication of product damage. Before washing, remove the suspension and spreading stick and tie the hanging ropes together. Wash the product gently at 30°C. Don't use fabric softener. Let it dry lying down. Do not make any changes to the product, this will void the warranty. Dispose of the packaging in accordance with the regulations and in an environmentally friendly way.
